Phone: +31 643005279 | Email: joshua040633920175@gmail.com
Address: Deurningerstraat 120, 7557 HK Hengelo

Communication Science student at the University of Twente with a multidisciplinary background in design, digital media, and engineering. Experienced in social media content, visual design, UX research, and data-driven communication. Skilled in Figma, Adobe Creative Suite, and AI-assisted workflows, with a track record of turning ideas into measurable results across international, multilingual teams.

EDUCATION

National Taipei University of Technology | Taipei, Taiwan

- Associate Bachelor in Intelligent Automation Engineering
- Relevant Coursework: Python, Machine Learning

Sep 2018 – Jul 2023

Minerva Art Academy | Groningen, Netherlands

- BSc Design
- Relevant Coursework: Multimedia Design, Web Design, Time-based Design, Product Design

Sep 2023 – Jul 2024

University of Twente | Enschede, Netherlands

- BSc Communication Science
- Relevant Coursework: Infographic design, Qualitative/Quantitative Research, External Communication

Sep 2024 – Present

PROFESSIONAL EXPERIENCE

TORIII Tech Corporation | Community Moderator & Content Designer | Taipei, Taiwan

Feb 2022 – Jul 2022

- Managed an international community of **2612** members and increased social media engagement by **23%** through visual storytelling.

All Ring Tech Corporation | Manufacturing Department Intern | Kaohsiung, Taiwan

Jul 2021 – Sep 2021

- Maintained and assembled automated equipment in a high-tech manufacturing environment.
- Developed a practical understanding of industrial workflows and engineering documentation.

ACADEMIC EXPERIENCE

Multimedia Production Project | National Taipei University of Technology

- Produced and edited videos and podcasts to simplify complex educational systems for the public.
- Analyzed pros and cons of various systems to ensure accurate and engaging storytelling.

UX Design & Formative Evaluation (Brick App) | University of Twente

- Conducted usability testing using the concurrent think-aloud method and semi-structured interviews to optimize app navigation.
- Led a data-driven UX evaluation by analyzing **141** qualitative segments, resulting in **14** specific design recommendations for improved navigation.

Quantitative Research on Virtual Worlds | University of Twente

- Utilized R script to perform factor analysis and linear regression on engagement and mental wellbeing data (**n=155**).
- Translated complex statistical findings into an introductory video and a strategic policy proposal to effectively communicate research outcomes to a broader audience.

SKILLS

Research & Analysis: Qualitative/quantitative Analysis, R Scripting, and UX Evaluation, Strategic Communication.

Workflow Management: SharePoint, Notion.

Multimedia & Design: Figma(Expert), CapCut, SharePoint, UI/UX Design, and Adobe Creative Suite (Illustrator, Photoshop, XD).

Technical & AI: Basic Python, Machine Learning fundamentals, and Generative AI tools (Microsoft 365 Copilot, Claude).

Engineering Context: Intelligent Automation Engineering, 3D Model Design (CAD)

Languages: English (Fluent), Dutch (Basic), Mandarin (Native), Japanese (Basic).

Communication Science student with multidisciplinary background spanning engineering, design, and strategic communication. Experienced in translating complex innovation concepts into compelling visual and written narratives for diverse audiences. Proficient in Figma and Adobe Creative Suite with proven ability to design digital interfaces and create accessible content. Passionate about leveraging design thinking and communication strategy to drive innovation adoption and stakeholder engagement.

EDUCATION

National Taipei University of Technology | Taipei, Taiwan *Sep 2018 – Jul 2023*

- Associate Bachelor in Intelligent Automation Engineering
- Relevant Coursework: Technical Documentation, Innovation Process

Minerva Art Academy | Groningen, Netherlands *Sep 2023 – Jul 2024*

- BSc Design
- Relevant Coursework: User Experience Design, Visual Communication, Brand Design, Digital Interface Design

University of Twente | Enschede, Netherlands *Sep 2024 – Present*

- BSc Communication Science
- Relevant Coursework: Infographic design, Strategic Communication, Design Thinking, Digital Storytelling

PROFESSIONAL EXPERIENCE

TORIII Tech Corporation | Community Moderator & Content Designer | Taipei, Taiwan *Feb 2022 – Jul 2022*

- Managed internal and external communications for international community of 2,612 members.
- Created visual content and communication strategies that increased engagement by 23%.
- Developed engaging narratives that drive adoption and stakeholder engagement.

All Ring Tech Corporation | Manufacturing Department Intern | Kaohsiung, Taiwan *Jul 2021 – Sep 2021*

- Maintained and assembled automated equipment in a high-tech manufacturing environment.
- Developed a practical understanding of industrial workflows and engineering documentation.

ACADEMIC EXPERIENCE

Multimedia Production Project | National Taipei University of Technology

- Produced and edited videos and podcasts to simplify complex educational systems for the public.
- Analyzed pros and cons of various systems to ensure accurate and engaging storytelling.

UX Design & Formative Evaluation (Brick App) | University of Twente

- Conducted usability testing using the concurrent think-aloud method and semi-structured interviews to optimize app navigation.
- Led a data-driven UX evaluation by analyzing 141 qualitative segments, resulting in 14 specific design recommendations for improved navigation.

Content Strategy & Campaign Evaluation (Digital Communications) | University of Twente

- Developed integrated content strategy targeting diverse audiences across multiple channels (TikTok, Instagram, Facebook). Created messaging frameworks and communication briefs that increased engagement by 48% through strategic positioning.

SKILLS

Design & Innovation Communication: Content strategy, visual storytelling, digital interface design, innovation narrative development, stakeholder engagement.

Design Tools: Figma (Expert), Adobe Creative Suite (Illustrator, Photoshop, XD), CapCut, video editing.

Office & Collaboration: Microsoft 365 (PowerPoint, Excel, Teams, SharePoint), Notion.

Research & User Insights: Qualitative/quantitative analysis, user research methodologies, design thinking.

Languages: English (Fluent, TOEFL 89), Dutch (B1), Mandarin (Native), Japanese (JLPT N5), German (Beginner - actively learning toward professional proficiency).

PERSONAL INTERESTS

Visual Exploration & Craftsmanship

- Passionate about photography and visual storytelling.
- Driven by a perfectionist mindset, I invest significant time exploring different creative techniques to ensure each output meets my standards for quality.
- Whether capturing visual narratives or refining design concepts, I believe excellence in execution elevates impact.

Design as Deliberate Practice

- Lose track of time when sketching, prototyping, or exploring design concepts, particularly because the iterative process of refining solutions fascinates me.
- I'm willing to experiment with multiple approaches and iterate based on feedback, understanding that craftsmanship requires patience and precision.
- Fascinated by how thoughtful design solves real problems.

Curiosity of Innovation

- Driven by curiosity about emerging technologies (AI, automation, sustainable innovation) and how they reshape industries.
- Enjoy exploring new places with friends, understanding how innovation adoption happens in real communities.
- Interested in the intersection of engineering precision and creative expression, particularly in automotive and product innovation.
